Forecast for Saturday 12 Mar 2022

Weather: Showery outbreaks of rain, snow above 900-1000m in the morning, heavy at times with a slight risk of thunder. Turning to scattered showers by the afternoon with some sunny spells developing by mid-afternoon. Dry with increasing amounts of sunshine then clear spells by early evening.

Chance of cloud-free hill tops above 800m: For morning 10-20% becoming 70% by late afternoon.

Low Cloud and visibility: Moderate or poor in rain or showers, very poor in snow and only a few meters within cloud with bases extensive above 500m through the morning and again late evening, with patches lower down, sporadically so late afternoon.

Met Office Aberdeen Meteorologist's View
Main risk of thunder around late morning. Significant wind chill at height.

Forecast for Sunday 13 Mar 2022
Weather: Showers, snow level 800m, merging to longer periods of rain and snow at times, most likely during the morning, with a small risk of thunderstorms. Rather cloudy, but some brighter spells also mixed in, particularly in the north and more widely later in the day. Gales, perhaps severe gales, across summits.

Maximum wind: South or southeast mean 35mph with gusts 55mph across most exposed ridges and summits.

Chance of cloud-free hill tops above 800m: 10% or less becoming 70% by late afternoon.

Low Cloud and visibility: Good or very good becoming moderate or poor in rain or showers, very poor in snow and only a few meters within cloud with bases extensive above 400m, with patches lower down, sporadically so by late afternoon.

Temperature: **Glens:** Plus 4 Celsius increasing 11 Celsius during the afternoon
At 800m: Plus 1-3 Celsius
Freezing level: 900m
